1 Arizona reported evidence of DMC in cases dismissed.

2 Evidence of DMC was sought on the aggregate level of the state. In most cases, DMC was observable in 15 to 20 percent of the counties in the sample but not across all counties.

3 Missouri found evidence of DMC in dismissals, informal processing, and recidivism.

4 Oklahoma also found evidence of DMC in the school dropout rate, and certification (adult).

5 Tennessee found evidence of DMC in transfer to adult court

6 Washington State reported qualitative evidence of DMC in pre-trial detention, diversion, charges filed, adjudication, sentencing, and confinement.
